

St Albans Community Hub

Safe and supportive community-based programs for people with disability

Join Yooralla's classes at our St Albans Hub! The Hub programs are designed to support your educational goals and develop new skills in a fun, relaxed and friendly way.

Suitable for people with disability aged 18+ who would like to take part in educational, recreational, creative, social and workplace skills activities

Participate in person or online. Your program can be tailored to your interests to enhance your life skills, independence and wellbeing. If there is a something you would like to do but don't see it on our current list, please tell us so we can work with you to design your program.

Designed by you, supported by us, and achieved together

Yooralla works with customers to provide safe, supportive and interesting programs for people with disability. We know the NDIS and tailor supports for all ages and requirements. We are proud to be an organisation that learns and grows.

Need language help?
