Derya's story

"I have multiple sclerosis and for a short period I lived in a nursing home where many of the residents were more than twice my age. Some of them had dementia.

"Fortunately I was able to move into Yooralla accommodation that is specifically for younger people with common lifestyle goals and aspirations. I share a unit with one other person of a similar age and we have our own kitchen and garden. Best of all, I can get out and about in the community when it suits me.

"I have been able to regain my independence and have the support here from Yooralla for when I need it."
