

What we do

Yooralla supports people with disability of all ages and needs, in their homes and the community, with tailored, quality services.

Therapy

Our team includes physiotherapists, speech pathologists, occupational therapists, psychologists and teachers. We also have nurses to support complex medical needs.

Specialist Children's Supports

Supporting children with developmental delay and disability, and their families. We provide specialist therapies and early intervention.

Support Coordination

Assisting people to implement their NDIS plan, and coordinate all of their NDIS supports.

Community Hubs

Opportunities to make friends, learn life skills and participate in activities, such as gardening or getting out into the community.

Life Skills

Supporting the development of independent living skills, such as healthy eating and training to travel independently.

Recreation Opportunities

Various activities ranging from social groups, camps, daily outings and more.

Assistance with Daily Living

Supporting people with activities including showering, going shopping or getting to an appointment.

Accommodation

Providing longer-term specialist disability accommodation, to support independent living.

Respite Accommodation

Supporting people at home and in our short-term accommodation, and allowing carers to take a break.

Communication and Assistive Technology

Enhancing lifestyle and communication through information about, and access to, assistive technologies and equipment.

Job skills and Employment Pathways

Supporting people to develop job skills, and to get a job or to volunteer.

Navigating the NDIS

Free one-on-one discussions and information guides on the NDIS.
