Speaktank

Increasing disability
awareness one story at a time

Yooralla Speaktank empowers people with personal experience of disability to share their story with the community.

We believe everyone can play an active role in changing perceptions and community understanding of disability. By hosting a Speaktank presenter, you can contribute to greater awareness and inclusion in your group or community.

Engaging a speaker with disability can be a powerful and positive experience for anyone interested in learning more about disability from a personal perspective.

Speaktank presenters regularly talk to schools, businesses and community groups.

All Speaktank speakers are trained in public speaking and can adapt their presentation to suit your audience.

Speaktank speakers can share their insights on:

- living with a disability
- work and other social pursuits
- accessibility and communication
- inclusion and diversity
- anti-bullying and anti-violence
- advocacy and speaking up for yourself
- the National Disability Insurance Scheme (NDIS)
- volunteer caregiving.

Book a speaker

To book a Speaktank presenter most suited to your requirements, please contact Yooralla at **03 9666 4554** or email **Speaktank@yooralla.com.au**.
